

REQUEST FOR QUALIFICATIONS

Thurston County Green Stormwater Infrastructure Influencer Training Program

INTRODUCTION

Thurston Conservation District (District) invites responses from qualified consulting firms to complete a green stormwater outreach and training campaign in Thurston County, WA. TCD is a local non-regulatory subdivision of state government, which matches local natural resource concerns and needs with applicable technical assistance and financial resources to solve on the ground conservation issues with proven effective conservation practices.

Project Title: Thurston County Green Stormwater Infrastructure Influencer Training Program

RFQ Response Due Date: All responses must be received by **5:00 pm on June 22, 2026**

Estimated Time Period for Contract: August 1, 2026-August 31, 2027

This Request for Qualifications (RFQ) is available by email request at sbishop@thurstoncd.com.

Please submit your response electronically to Stephanie Bishop at sbishop@thurstoncd.com. All responses must be clearly marked "Response to Thurston County Green Stormwater Infrastructure Influencer Training Program" in the subject line of the email. Responses must be received by Stephanie Bishop before the deadline. Faxed, in-person and mailed submissions are not available. Late applications will not be accepted.

All responses and accompanying documentation will become the property of TCD and will not be returned. Vendors accept all risks of late delivery of emailed responses regardless of fault. Costs for developing the RFQ response are entirely the obligation of the vendor.
